VOL. 56—No. 10

## Observations... From Around Town

(BY JAY WHOZIT)

Chairman Joe Kern of the Red Cross Fund Drive and his corps of workers opened their campaign on last Saturday and expect to meet their quota in record time... the recent Carnival Ball was a grand financial success netting \$1067.00 for the building fund of St. Joseph Academy... Spring practice for Stanislaus 1947 football team will begin in the near future... the month of February has come and gone but no one is sadder for it, because February was one of the coldest in the last forty years... the Bay Garment Corporation, still in its infancy, already has over seventy-five employees on its payroll... we're with you 100%, Jimmy Rutter... and speaking of growing, who can deny that Mr. A. E. Voight has done wonders with his Gulf Chevrolet Company, which began very modestly and is now one of the fastest growing business establishments in our town... little do we realize it, but our county farm agencies do great work among the farmers of our county, especially in the outlying rural sections... these agencies are under the direction of Mr. Chas. C. Stone and Miss Annie Lois May... those high school students from St. Joseph Academy and Bay High, who attended the Choral Clinic in Pascagoula, last week end report that the clinic was a grand success in every way... the clean up campaign being sponsored by the Bay-Waveland Garden Club doesn't seem to be making much headway... how about it folks, let's show that we at least have some personal pride and each and everyone of us clean up our own grounds and place of residence, and we are sure that the city fathers will see to it that the streets and vacant lots are cleaned... the body of William Tomasich, who drowned on February 4th, while fishing, was found in Bayou Portage, on Monday afternoon of this week, four weeks after being reported missing... Saint Stanislaus Band will give a return concert in Columbia, Miss., on March 20th... where to get bubble gum seems to be the chief concern of every youngster in these days and times... most appropriate cartoon of the week—Youngster, coming in from school, "That's a good idea, Pop, having an accountant prepare your tax return. Could I use him to do some of my thinking?" Earl Ramond Electrical Co. has the contract to do the electrical work in the Ford building going up on Court Street... Hamburger King, on the beach was sold last week to Mr. George Borgstede and son... if something isn't done about the newspaper shortage our subscribers may soon get their Echo in miniature tabloid form... The Regional Basketball Tournament held last week at Bay High School Gym was quite a success with Piquette Hi School boys and Success girls carrying off the honors in the finals, defeating Savannah High and Henleyfield Hi, respectively, by scores of 37 to 31 and 39 to 31... Little Theater will open its 1947 season with "Angel Street" later in March... much has been said and written about the month of March and its winds, but we think the verse, by an anonymous author, which we reprint below is both witty and timely: The devil sends the wicked winds To blow the skirts sky-high, But heaven is just And sends the dust To shut the bad man's eye.

### MEMPHIS BASEBALL CLUB HERE

#### Practice Begins—Exhibition Games Scheduled

Even though the weather is quite chilly as yet, we know that spring is not far off, and the surest sign that we have that it is fast approaching is the fact that we have in our midst some thirty five young men who are either regular players of the Memphis Baseball Club of the Southern League, or who are aspiring for a regular berth. These boys are here for their spring training, the officials of the Memphis Club, having selected Bay St. Louis for their training site. The club is under the management of Doc Prothro, an old timer of the Southern Circuit. He is assisted by his coach "Buster" Chatham, and together they are putting the boys through their chores.

We think that it was a master stroke to get Memphis to come down here. We think that in the final it will mean much more than merely having a baseball team training here. Memphis is the gateway of the Mississippi Valley to the Gulf Coast and of course we expect Doc and his boys to be able to say a few good words about Bay St. Louis, when they go back home, and who knows but that a few more Tennesseans may migrate.

We know that Old Man LeFissier knows his people and he tells us that these boys are as fine a group as he ever met, and that he is glad to have them with him.

We are happy to welcome them to Bay St. Louis and we sincerely hope that in their off moments they will be offered every opportunity to enjoy that hospitality as is always reflected by our people.

### A SUGGESTION TO THE L. & N. R. R. WHICH COULD MEAN MUCH

We were quite interested in a letter that was forwarded to the General Passenger Agent of the Louisville and Nashville Railroad, by one of our fellow townsmen, and a big booster for Bay St. Louis and the Gulf Coast, Mr. Max N. Kohler.

A questionnaire was mailed to the various Commuters from the Gulf Coast to New Orleans, requesting them to express their wishes about making a flag stop at Lakeshore, Miss. to pick up and let off passengers, and Mr. Kohler having been a commuter for the past 40 years, received one of these inquiries, and we are happy to print his reply to Mr. W. G. Whitsett, Passenger Agent for the Railroad Company, which advice if followed by the company would lead much to the development of this area.

Bay St. Louis, Miss. Feb. 12th, 1947  
Dear Mr. Whitsett:

Your railroad can best serve all of its patrons who commute between the Mississippi Gulf Coast and New Orleans, by co-operating with those commuters who have selected Lakeshore or any other point they have chosen as their residence.

I sincerely believe that the best interests of each and every commuter, their families and your road will serve best by the adoption by you of a policy that will make service to the Mississippi Gulf Coast the first and permanent consideration and by offering definite accommodation to each commuter who will stimulate a faster and greater development of this section of our country that offers a more delightful climate and the many other important elements of living God meant for his people to enjoy and take advantage of.

It seems to me that consideration for this section and each community that makes up this blessed territory should be the first thought that should decide the questions you propose, regarding the Lakeshore stop. Surely this is decidedly and overwhelmingly more important than question of a few minutes delay in arrivals at destinations even though the vast majority of commuters make their residence at other points on the Coast.

May I, for the benefit of others remind you that a small berg they called New Amsterdam is now a city of eight million souls now called New York and all trains stopped at New Amsterdam.

Sincerely,  
MAX N. KOHLER.

We are happy to pass on to our readers the views of two of our citizens, whom we believe to be eminently qualified to discuss the matter of the Franchise granted by the Mayor and Commission Council of the City of Bay St. Louis to the Mississippi Power Company and which is to be voted on by the Electors of the City of Bay St. Louis on March 25th, 1947.

One letter favoring the franchise is written by Mr. C. D. Blair Consulting Engineer who is at present, a representative of the Aluminum Corporation of America. He was Consultant Engineer for the Coast Electric Power Association in the construction of their lines, and did much work for other REA Associations.

The other letter is from Mr. J. Lewis Henderson, Author and Writer, who formerly operated weekly newspapers at Starkville and Forrest, Mississippi, and was later regional publicity Director for the Farm Security Administration at Little Rock, Arkansas. Mr. Henderson is presently writing a book which will shortly be published and is doing some work for some of the larger newspapers and magazines throughout the Country. In his work he has accumulated much statistical data, and is well versed on the subject he discusses.

The letters of these two gentlemen addressed to the Editor of the Echo follow:

26 February 1947  
The Sea Coast Echo,  
Bay St. Louis, Miss.

Sir:

I have read with a great deal of interest the notice, in your recent issue, of an election by the voters of our City to ratify the action of our City Commissioners in granting to the Mississippi Power Company a new franchise to operate in the City of Bay St. Louis.

Not only as a voter and taxpayer of Bay St. Louis but also as a citizen who is vitally interested in the progress of our City, I wholeheartedly endorse our Commissioners' action.

It is a step forward and we should avail ourselves of the opportunities afforded by the terms of the franchise. The 2% payment to the City by the Utility Company will, in a large measure, defray the cost of our street lighting bill, for example. Since this 2% is not only computed on the gross revenue of the residential and commercial consumers but also on any industrial revenue which may be derived by the Mississippi Power Company, it thus provides a way for the City to grow along with the Utility Company.

It is history that such Utility Companies have steadily reduced rates as usage increases and because the terms of this new franchise does not result in any increase in rates to any consumer, it seems to me that all of the voters in the City should favorably respond to this gesture of friendship on the part of the Mississippi Power Company.

Yours very truly,  
C. D. BLAIR.

Editor, Sea Coast Echo:

I see from a recent published notice that the voters of Bay St. Louis are asked to vote on March 25 for or against the action of the Mayor and Board of Councilmen in granting a 25-year franchise to the Mississippi Power Company. Before we can vote intelligently we need some facts.

The old franchise now held by the Mississippi Power Company has nearly seven years yet to run. Why the hurry to enter into a new franchise?

I see by the published notice that the City of Bay St. Louis will get a 2 per cent out of the gross revenue. Why hasn't the city been getting this cut in the past? Is the Power Company suddenly becoming generous, or whose idea was it to give us tax-payers a cut of the \$100,000-a-year electricity income?

How do our present rates compare with rates of other towns and cities in Mississippi? How do our rates compare with towns and cities that have public power systems? Have the Mayor and Councilmen gone into this thoroughly?

If the private power companies, such as the Mississippi Power Company, are so generous, why have thousands—yes, thousands—of towns and cities joined public power systems in recent years? There must be some good reasons. Do the Mayor and Councilmen know the reasons?

What happens if the City of Bay St. Louis votes against a new franchise this time?

And just suppose that during the next few years, this city should have the opportunity of joining a public power system like the TVA, which would greatly reduce all elec-

### HENRY T. FAYARD, SR. ANNOUNCES CANDIDACY FOR J. P. BEAT 5

Henry T. Fayard, Sr., announces his candidacy for re-election for Justice of the Peace for District 5 of Hancock County, Mississippi. We are authorized to announce the candidacy of Henry T. Fayard, Sr., for Justice of the Peace.

Judge Fayard's statement is as follows: "I need no lengthy announcement to the good people of District number 5 of Hancock County and to make it short and sincere I stand by my record of doing justice to all and if re-elected continue that record. I ask the voters of District Number 5 to let me serve another four year term and will, as always, stand ready and willing to serve the public faithfully and well, administering the law as I see the right, and will as in the past render that service day and night fairly and impartially in determining all matters that come before me as Justice of the Peace."

Respectfully,  
HENRY T. FAYARD, SR.

### Little Theater To Open 1947 Season With "Angel Street"

The Bay St. Louis Little Theater is pleased to announce that its first 1947 production the Victorian melodrama "Angel Street," is now in rehearsal and will be presented at the end of March. Its performance will mark the first birthday of the organization, as the Little Theater's first play "The Twelve-Pound Look" was presented just a year ago this month.

"Angel Street," familiar to moviegoers as the film "Gaslight" starring Charles Boyer, Ingrid Bergman and Joseph Cotten, is being directed by Mrs. Adeline Knoblock, who, it will be remembered, directed the comedy "The Mollusk" last July. The cast includes Mrs. Rene de Montluzin, Jr., in the role of Bella Manningham; Mrs. A. O. Dresher as Elizabeth; Miss Gloria Biehl as Nancy, and two newcomers to the community whose wide experience in theater work in the East makes them real assets to our organization. In the role of the demonaic Mr. Manningham is Lt. J. N. Horrocks, USN, who has taken part in much of the work of the Woodbury Sketch Club of New Jersey and the Repertory Theater Group of Philadelphia, and in the role of Detective Sergeant Rough is Mr. John Barnett Wilson, who has appeared in many productions of the St. Paul Players in Washington.

Following the new policy of the Little Theater, "Angel Street" will be presented on Thursday, Friday and Saturday nights, and members should state any preference for regular attendance when they pay their dues. Since all 1946 memberships have now expired, presentation of new 1947 membership cards will be required to gain admittance to the play. The membership dues of five dollars for the season may be mailed to Mr. Rene de Montluzin, Jr., treasurer, who will issue new cards immediately. In the event that the lack of 300 memberships are not taken by the first performance available guest tickets will be sold at \$1.00 each.

About a quarter of a million veterans reinstated their lapsed National Service Life Insurance policies with Veterans Administration during 1946.

How could we take advantage of such an opportunity if we were already tied up in a 25-year franchise?

I can name dozens of towns in this state that formerly got power from Mississippi Power Company, but which now have other and much cheaper sources of electric power.

I have lived in two of such towns—Starkville and Philadelphia. Would any resident of those towns want to change back to Mississippi Power Company? I think not.

Electric service in Bay St. Louis has been rather undependable lately. What assurance does the Power Company give in the new franchise that service will be improved?

America and the world are truly entering into the atomic age of power and progress. Twenty-five years seems like a mighty long time to have to wait to get unitched from high electric rates. And what's in the franchise to protect us against continued excessive rates?

Let's have more facts.

J. LEWIS HENDERSON.

We shall be pleased to give space to any of our citizens who may wish to express their views on the subject of the franchise to the Power Company, regardless of their position in the matter. We feel that it is a matter of public interest and that all points should be understood by the voters, and it is not then the person in doubt should ask for an explanation and it is possible an answer should be given. We stated before our columns are open to either side.

#### MEMPHIS BASEBALL ASSOCIATION

In line with our previous announcement that the Memphis Chicks would hold their spring training activities here we are glad to report that genial "Doc" Prothro, vice-president and manager together with approximately 35 players are already at the Hotel Reed and have had a few work outs on the field preparatory to the exhibition games, the first, to be played here on March 18th, with the St. Paul Club which is in accordance with their present schedule.

Not only are we glad to welcome the Memphis Club from the standpoint of the advertising Bay St. Louis will receive but we feel it a privilege to have such an outstanding and clean aggregation of men in our midst and hope they will take back with them the memories of their spring training in as hospitable city as they have ever had the pleasure to visit.

Again we say "WELCOME" Doc Prothro and your Memphis Chicks.

### Richard Henry Stechmann Arrives

Proud as a peacock and with the strut of a young gobbler, papa Teddy came down to the Magnolia State Saturday morning. Richard Henry, a second son had arrived on Friday evening, about 8 o'clock. Mrs. Stechmann and the baby are doing fine, and we hope that the young man, will learn to be a good boy so that it will not be long before his mamma will again be able to assume her duties as deputy clerk of courts.

### Lack of Space Due To Newspaper Shortage

It is true, as much as we regret it, that we have been unable to publish as much as we would like to, due to the shortage of newsprint. We have made every effort to squeeze in as much as possible under the prevailing conditions. It is hoped that the shortage will be of short duration and that we will soon be back to normal.

We hope that the public will bear with us until this condition is remedied. We are not alone as all of the papers of the country are being affected likewise.

### TOMASICH BODY FOUND

#### Funeral Services Held Tuesday Afternoon

The funeral of William Tomasich, who was drowned on February 3 while on a fishing trip with Harry Luc, was held here on Tuesday afternoon at 2 p. m. from the Fahey Funeral Home with services there, at Our Lady of the Gulf Catholic Church and at the cemetery, the Rev. Father Fox officiating. Interment was in St. Mary's cemetery.

Mr. Tomasich's body was recovered on Monday, March 3, at 4 p. m. by his brother, W. J. Tomasich and his nephew W. J. Tomasich, Jr., who have been searching for him daily since the recovery of Luc's drowned body. He was found in the Bayou Portage marsh near the mouth of the bayou. A coroner's jury was empaneled by A. G. Bellande, Harrison County coroner at the Bayou Portage bridge and returned a verdict of death by accidental drowning according to A. J. Weinberg who served on the jury. Others on the jury were Horace Farr, Gus Thomas, Bay St. Louis, Billy Keyes, J. Krohn, O. L. Necaise, Deputy Lorenz Krohn, Gulfport, acted as bailiff.

Mr. Tomasich is survived by three daughters: Mrs. Emile Smith, Pascagoula; Mrs. Olin Hanson, Mrs. Henry Gray and a son Oscar Tomasich all of Whisler, Alabama. He also leaves four grandchildren, four sisters and two brothers; Mrs. E. F. Fahey, Sr., Mrs. Ed. Osbourne, Bay St. Louis; Mrs. M. S. Power, New Orleans; Mrs. Robert Funk, Texas; W. J. Tomasich, Bay St. Louis and Arthur Tomasich, New Orleans.

#### Book Review Benefit Of Red Cross

Rev. Father Murphy, S. J., has offered to review his newest book "Pere Antoine," the proceeds to go to the Red Cross fund campaign. The review will be held on Monday, March 17 at St. Joseph Academy auditorium at 3 p. m. Tickets will be on sale at Kern's. Adults 50c, students 15c.

Father Murphy is nationally known and this is a generous act of his to offer to come to Bay St. Louis and review his book free of charge and in this way help the Red Cross. It is hoped that a large number will be out to hear him. Don't forget the cause.

Besides being one of the newest of books its locale is New Orleans and this should make it doubly interesting to the people of Bay St. Louis. Come out and spend a profitable hour and contribute to the Red Cross.

#### Funeral For Edmund F. F. Fahey, Jr. Thursday

Funeral services were held here Friday morning for Edmund F. Fahey who died at an early hour on Thursday morning. On Thursday night the members of the Pere LeDuc Council of Knights of Columbus met and recited the Rosary and prayers for the dead led by Rt. Rev. Monsignor A. J. Gmelch, at the Fahey Funeral Home. On Friday morning services were held at the mortuary by Rev. Father Desmond and a requiem High Mass was held at 10 o'clock at Our Lady of the Gulf Catholic Church with Rev. Father Leo F. Fahey, as the Celebrant.

Interment was in St. Mary's cemetery. Pallbearers were eight brothers of the Sacred Heart, members of the faculty of St. Stanislaus, the school of which "Junior" was a graduate. They were Brothers Alban, Reginald, John, Jules, Felician, Timothy, Walter and Adalbert.

"Junior" had one of the largest funerals held in this town and the floral offerings were many and the love borne him. May we quote a remark of a man who knew him well. "I have never known anyone who had more friends." Can more be said of anyone for your friends are the best judges of you. The comfort to those left is that he has left so much to be remembered by.

A celebration, commemorating the one hundred years of service of the Brothers of the Sacred Heart in the United States, will be held in Mobile, Alabama, under the auspices of the Most Reverend T. J. Toolen, D. D. bishop of Mobile, on April 23-24. Ceremonies will open with a solemn pontifical Mass at the Cathedral of the Immaculate Conception, with Bishop Toolen as celebrant and Archbishop Joseph Francis Rummel, S. T. D., D. D., archbishop of New Orleans, speaker. Several bishops and numerous Monsignori and pastors of places where the Brothers have schools will also be in attendance.

The Mass will be followed by the singing of a solemn "Te Deum." A choir composed of a number of the Brothers will sing the Mass.

Preceding the Mass the episcopal procession will march from the Cathedral rectory led by the band of Catholic Boys' Home orphanage in Mobile. This is the original foundation of the Brothers in the United States having been established in 1847.

A testimonial banquet will take place at noon on the opening day, with State Senator Edmond Derramee of Thibodaux, La., graduate of the Brothers' school of St. Stanislaus, Bay St. Louis, Mississippi, as toast master.

In the evening of April 23, a civic reception will take place at the Bishop Toolen High School auditorium, with the attending dignitaries and other friends as guests. Speakers for the reception will include Bishop Toolen; the Hon. Robin C. Herndon, mayor of Mobile; and Mr. James V. Ivey, alumnus of the Brothers' school, McGill Institute, Mobile. Music for both the banquet and the reception will be played by bands of St. Aloysius High School of New Orleans and Catholic Boys' Home of Mobile.

The second day of the celebration will feature a solemn Requiem Mass at St. Mary's Church in Mobile, offered for the deceased members of the Institute of the Brothers of the Sacred Heart, United States province. The chant choir of Spring Hill College will chant the Mass.

#### RED CROSS CAMPAIGN OPENS WITH A BANG!

The Red Cross Fund Campaign opened with a bang on Saturday afternoon when a group of youngsters between the ages of 8 and 12 staged a football game and kicked off at 4 p. m. with a shout for Red Cross. Across went dashing the white shirted group with red crosses on the front of their shirts making color as they sprinted across the field.

This exciting number was followed by a stirring talk by E. J. Gex who made a strong appeal for cooperation and right spirit to put over this \$3356 quota for the Hancock County chapter. 100 balloons with Red Crosses were then released. There have been cries of appeal during the war: "Remember the Alamo," "Remember the Maine," "Remember Chateau Thierry" and "Remember Pearl Harbor" but the cry should be "Remember the boys still overseas and still in hospitals." The boys need our help, need our prayers, and NEED THE RED CROSS! Are we going to let them down? Let us come forward and contribute without waiting for the workers to call upon us. Shame for the gift that has to be begged for. Give freely of what you have and say my contribution helped one or more of our boys who has not yet come home.

May we quote from a letter from Pfc Clois Pucheu who is stationed in Japan and now in a hospital recovering from injuries received when making a Parachute Jump.

"Speaking of the new hospital where he had just been moved: 'there isn't a thing to do at this new place. There aren't any new books to read now. But the Red Cross girls are coming tomorrow to fix the place up for us. Don't ever let any one 'sell' the Red Cross 'short.' They have done the impossible to make things like home for us. Not only here, but everywhere that there is a GI."

Another: "I think I shall write the Red Cross at home all about the splendid job the Red Cross is doing over here. Honestly I don't think there is a single individual in the whole occupation of Japan, and the AFMIDPAC Islands that doesn't think very highly and isn't very appreciative for the fine work they are doing."

Remember these excerpts when called upon to contribute to the Red Cross Fund.

"This is my son... five years old last month. He was born in Mississippi and I hope he will always stay in Mississippi... for he will some day inherit all the things you and I have tried to build for him. His are the industries, the cotton fields, the wooded hills, the busy towns, the boundless natural resources. His is the heritage of free enterprise that will keep Mississippi prospering in the years to come."

Yes—the people of Mississippi have FAITH in their state, a deep faith that has its roots in the resolute, fearless souls of those pioneers who built our great state. #### ANNOUNCE NEW NATIONAL 4-H AWARDS PROGRAM

Announcement has been made of a brand new national 4-H home improvement awards program for 1947. Among the program's objectives are to encourage club members to gain a knowledge of principles and materials involved in making the home more attractive and convenient at minimum costs; develop skill in painting and simple carpentry and plan home improvements for beauty, comfort, health, privacy and safety in keeping with the needs of

every member of the family. Participants will demonstrate to others what has been learned relative to home furnishings, arrangements and interior decorating practices.

Both boys and girls who are bona fide members working under the supervision of the Extension Service and enrolled this year in a 4-H home improvement project or activity may participate.

Merit awards on county, state and national levels are provided by Sears-Roebuck Foundation. County winners will receive silver medals of honor. The state winner's award is an educational trip to the National 4-H Club Congress, Chicago, next

November. Eight selected state winners will each receive the national award of \$200.00 college scholarship. County extension agents will furnish complete information regarding this new program.

#### No Application Necessary For New 10 Pound Sugar Coupons

Individual sugar consumers do not need to file application forms for the new 10-pound ration coupons to be validated on April 1, Corbett Battle, Director Jackson Sugar Branch Office, emphasized today.

The sugar executive revealed that his office is "swamped" with unnecessary mail from individual consumers under the erroneous belief that they must apply for the new 10-pound coupons.

"No application is necessary," Battle declared. "The very purpose of the 10-pound allotments, replacing five-pound stamps, was to enable the program to continue without the necessity of issuing new stamps. One of the spare stamps now held by consumers will be validated on or before April 1."

Sugar spare stamp No. 53 is valid for five pounds of sugar through March 31, 1947.

#### ORTTE THEATRE SUNDAY AND MONDAY M. G. M. PRESENTS "TILL THE CLOUDS ROLL BY"

In Technicolor

A glowing tribute to the memory of the late Jerome Kern is offered on the Ortte screen in "Till the Clouds Roll By." M-G-M's star-studded Technicolor musical drama based on incidents in the famed composer's life and career.

Built around Kern's touching friendship with his musical arranger, James Hessler, and the latter's stage-struck daughter Sally, the story traces the composer's arrival in New York full of hope and ambition, follows his rise to fame both here and abroad accents the romantic meeting in England with the girl he eventually married, and ends on a dramatic note when Sally, embittered by a quarrel over her career, proves her talent as a singer and is reconciled to Kern whom she has always regarded as a foster-parent.

The role of Kern is brought to life with sympathy and warmth by Robert Walker in one of his finest portrayals to date. Van Heflin is splendid as the loyal and encouraging Hessler, and Lucille Bremer gives nerve and spirit to the part of Sally. The girl with whom the composer falls in love after he "borrows" her piano, is delightfully played by Dorothy Patrick.

Punctuating the narrative are song-and-dance filled sequences from some of Kern's greatest successes and it is in these that the picture's dazzling array of headlines are given an opportunity to offer a feast of talent.

"There are many high spots in the musical interludes and dancing numbers by the stars.

"Till the Clouds Roll By" can be summed up as a sumptuous parade of some of the greatest and most beloved songs America has ever known, backgrounded by the drama of the man who wrote them, and rendered by the finest talent Hollywood has to offer. From its director, Richard Whorf, and producer, Arthur Freed, down to the picture's smallest bit player, everyone who had a hand in its making deserves a bow.

Veterans Administration is authorized to accept gifts and donations for the benefit of veterans who are patients in VA hospitals.

Veterans Administration to date has approved for guarantee about \$3.5 billion in business, farm and home loans for World War II Veterans.

#### Andy's "Certificate of Service"

Andy Botkin's mighty proud of the first dollar he made. He's got it framed, and hanging beside his license, in the Garden Tavern.

Of course, there's a big difference between that dollar bill, and what Andy paid for the license giving him the right to earn it. Which prompts Willie Wells to say: "It's a heck of a note to have to pay to start a business."

"That's what I thought at first," says Andy. "But actually that piece of paper's my protection. And yours too! It helps keep out

undesirables, and it means you've got to maintain decent standards—or answer the local law enforcement agencies and face the loss of your license. What's more, the brewers, in co-operation with the tavern keepers themselves, are backing up all it stands for with their program of self-regulation.

From where I sit, Andy's license is more than a permit to do business. It's a certificate of good behavior, and service to the town.

#### Tiger Boxers Barely Lose to Plaquemine

After losing all their fights to Plaquemine in their first meeting, the Bay High Tigers came back Tuesday night to throw a scare into the visitors and lost by the bare margin of 6½ to 5½.

In probably the best card presented in Bay St. Louis in many moons, slugging was the vogue and a bloody nose was the current style. Harlan Dean was the Tigers' surprise package for the night. In his first appearance as a boxer, his stinging left and bruising right cross K. O.'ed Williamson of Plaquemine in the second round.

Joe Capedon also dispatched his opponent via the TKO route. Schultz and Calcagno fought one of the best fights of the night, the bout ending in a draw.

Winners for Bay High were Raymond Morel Jimmy McArthur, A. J. Cospelich, Joe Capedon and Harlan Dean.

Sites now have been selected for 68 of the 75 new hospitals which Veterans Administration is authorized to build and for which funds have been appropriated.

SECTION 1. In consideration of the benefits that will accrue to the City of Bay St. Louis, and the inhabitants thereof, and of the payment by the Grantee to the City of a sum of money equal to two per centum (2%) per year of the total revenue of the Grantee from the sales of electric energy, excepting therefrom sales for resale and sales in interchange of energy with others, within the corporate limits of the City, or the sum of two hundred dollars (\$200) per year, whichever is the greater, payable quarterly on or before thirty days following the close of each calendar quarter during such period as the Grantee operates in said City, but not to exceed twenty-five (25) years from the effective date of this ordinance, Mississippi Power Company, its successors and assigns, herein referred to as the Grantee, is hereby given and vested with the right, authority, easement, privilege and franchise to construct, erect, suspend, install, renew, repair, maintain, operate and conduct in the City a plant or plants and system for the manufacture, distribution and transmission of electric energy for all purposes whatsoever.

SECTION 2. SECTION 3. The poles, towers, conduits, cables, conductors, transforming stations, fittings, appliances and appurtenances shall be so constructed as not unreasonably to interfere with the proper use of the streets, avenues, alleys, ways, bridges and public places in the City and shall be maintained all in a reasonably good condition and repair.

SECTION 4. Whenever the Grantee shall cause any opening or alteration to be made in any of the streets, avenues, alleys, ways, bridges or public places of the City for the purpose of installing, maintaining, operating or repairing any poles, towers, conduits, cables and other appliances, the work shall be completed within a reasonable time and the Grantee shall upon the completion of such work restore such portion of the streets, avenues, alleys, ways, bridges or other public places to as good condition as it was before the opening or alteration was so made.

**SOIL CONSERVATION  
NEWS**

By J. L. Bishop

Mr. Otto Rester, of the Leetown Community, Cooperator with the Hancock County Soil Conservation District, recently finished constructing his fish pond. Mr. Rester plans to stock his pond, as soon as available. Mr. Rester is now busy planting Kudzu on adjacent farm lands to his pond. Kudzu will keep the soil from my field running down and filling up my pond, and then I can utilize the Kudzu during the late summer for supplemental grazing for my cattle, when my pasture won't afford enough grazing. I understand Kudzu makes a good hay too, and I expect to save hay when I need it." Mr. A. E. Smith, cooperator in the Sellers Community, planted Kudzu in a three acre meadow outlet for hay. Mr. Smith is busy building terraces on 20 acres of cut over land. Tug trees will be planted on the terraces.

## Special Meeting of W. B. A. Held

A special meeting of the W. B. A. was held at the home of Mrs. Annie Trapani during the week when Mrs. Pearl H. Croy, State Field Director of Birmingham, Ala., accompanied by Mrs. Fay Argue, District Deputy of Biloxi, Miss., visited the local club on official business.

Mrs. Croy was presented a lovely

shoulder corsage with a small cascade of ribbons, which represented the 13 new members who were later introduced. Mrs. Croy complimented the ladies on the progress accomplished since the first of the year.

After the business meeting a delicious buffet supper was served. The dining table covered with a real

## Employees Honor John J. Kelleher

Retiring after 39 years of service, John J. Kelleher, vice-president of United Fruit Company, was presented a scroll and automobile by employees of the company, it was announced.

Mr. Kelleher, who started his career as a messenger boy in a rice mill here in 1900, has been associated with traffic for many years. He was employed by the United Fruit Company in 1907 in the New Orleans division and in 1932 he was transferred to New York as general traffic manager. He was named vice-president two years later.

He served two terms as president of the Maritime Association of the Port of New York and was a director in the Pan-American Society of the United States and the West Side Association of Commerce.

Mr. Kelleher has purchased a home in Bay St. Louis and he and Mrs. Kelleher will make their home here permanently. Their daughter and son-in-law Mr. and Mrs. A. O. Hoefeld are also residents here.

lace cloth had a bowl of exquisite assorted carnellia blooms and narcissi as the centerpiece and at each end stood crystal candelabras with long tapering candles which lent a soft glow to the scene.

This special meeting was discussed at the regular monthly meeting held Monday March 3rd. Plans were formulated for the Birthday Banquet to be given April 17th, when Mrs. Croy will again be with us. Exact place to be announced later.

## S. J. A. PARENTS' CLUB REGULAR MEETING

The March meeting of the S. J. A. Parents Club was held in the school library on Tuesday, March 4th, with 19 members, Mother Blanche and Sister Raphael present. Mrs. Charles Breath, Jr., vice-president, officiated in the absence of Mrs. Leo Ford, president.

The minutes of the previous meeting were read. The treasurer, Mrs. Roger Boh reported that the proceeds of the recent Carnival Ball amounted to approximately \$1067.30.

Mother Blanches announced that 100 folding chairs have been purchased for the school. It is expected that more will be added later.

A motion to make a donation to the Red Cross Drive, was proposed and carried.

The door prize amounted to \$2.40 and was divided between the club's treasury and Mrs. J. Joyce, whose number was drawn.

Sister Collette's first grade won the month's prize for the most mothers present.

Because of Lenten regulations, in lieu of refreshments, the hostesses of the day, Mrs. Vic Lizana and Mrs. Rosa Lee Benigno, provided a beautiful rock crystal bowl which was won by Mrs. Charles Breath, Jr. The meeting was closed by Mother Blanche with a short prayer. Co-hostesses for April will be Mesdames Leo W. Seal and R. R. Del Rio.

## Executive Board of Bay Waveland Garden Club Met Monday Afternoon

The executive board of the Bay Waveland Garden Club met on Monday afternoon at the home of the president Mrs. Eugene Megabagh. Plans for the entertainment of the visiting garden club members who will be guests of this club in April were discussed and partially completed. The only gardens to be opened will be that of Mrs. Walter J. Gex, where refreshments will be served and the garden of Mrs. J. T. Prowell. The Pirate House will not be open.

Mrs. E. P. Kirkpatrick and Mrs. Leo W. Seal are in charge of the garden tour, which will be made by the ladies during the state convention of garden clubs on April 20, 21, 22 at the Buena Vista Hotel. Mrs. E. H. Singreen and Mrs. A. F. Smith are in charge of the refreshments and Mrs. A. O. Dresher will arrange for the junior hostesses.

All of this brings us down to the clean up campaign which the members of the local club are sponsoring. The city of Bay St. Louis is not in readiness for visitors and neither is the surrounding area of the county. All this has been gone over at previous meetings and now comes the time for action. The Chamber of Commerce is cooperating, the county is offering its support; the city of Bay St. Louis says "We are with you 100 per cent" and yet the work is not done. Let's get to work in a whole-hearted way and clean up our city and county.

## REGIONAL TOURNEY ATTRACTS LARGE CROWDS

The Gulf Coast Regional Tournament held in Bay High's gymnasium February 26, 27, 28 and March 1 was proclaimed a huge success by Mr. H. H. Kersh, Gulf Coast Regional president.

Picayune High's Maroons won the boys' title by defeating Savannah High in the finals, 37 to 31, on Saturday night.

Undeclared Success copied their fifth successive regional title by downing the then undefeated Henleyfield team, 39 to 31.

In the afternoon semi-finals, the Maroons took Orange Grove, 30 to 26, while Savannah won over Wade 38 to 32. In the girls' bracket, Success outgated the Bay High lassies, 28-20 to meet Henleyfield, who edged Moss Point 31-30 by scoring a field basket in the last 10 seconds.

Mr. Kersh made the presentation of the trophies to the captains of the winning teams.

Both the victors, and the runners-up will represent the Gulf Coast in the South Mississippi Tournament being held in Hattiesburg for the boys and in Ellisville for the girls this week end.

## How Much Should One Save?

President Harry Truman's Council of Economic Advisors has taken a look at the spending and savings habits of the American people and has reached an interesting conclusion.

The President's Council is impressed with economic studies indicating that one out of every four American families has no savings at all, and that 29 percent of all families saved \$500 or less.

The advisors believe that most of the latter group has already exhausted its wartime savings and that those fortunate enough to have put by larger sums do not intend to dip into their surpluses except for emergencies, for retirement or for the education of their children.

With price controls lifted and something of our traditional free enterprise restored there has not followed the inflationary prices that alarmists predicted. The commonsense of the American people is still the corner stone of our national economy.

How much one should save out of one's income is a problem for which each individual must provide his own answer. But something should be saved, if possible out of every dollar earned for emergencies, for investment or for old age.

Before the war individuals, as a group, saved around 9 percent of their incomes, after taxes. In 1940, with increased wages, savings jumped to 9.9 percent. In the year of 1944 they soared to 28.3 percent, to reach an all-time peak.

After the war the people's savings took a plunge. In the half-war and half-peace year of 1945 savings fell to 23.8 percent. In the year just closed they went down to 12.1 percent, and American consumers are now saving only 9.5 percent of incomes, after taxes.

Average savings out of income are now less than 10 percent, but, financially, average savers do not go very far. The least that any one should save is all one can. The happiest workers are those who, by sacrificing for their futures, build their fortunes.

McDonald, at their North Beach home. Lovely spring flowers and the usual birthday cake adorned the dining table, and there was the usual bestowing of birthday gifts.  
Other members of the family present for the occasion were Mr. and Mrs. David McDonald, John McDonald, Miss Mary Kittrell, C. C. McDonald, Jr., and Jimmy McDonald.

—Mrs. A. J. Noto and her son Martin attended the Maison Blanche "Tots and Teens" fashion show or Easter pre-view in the main ballroom of the Roosevelt Hotel, New Orleans, on Saturday, March 1 at noon. Mrs. Noto's niece and nephew modeled in the show.  
—Eighty-five cities comprise the diocese of the Episcopal church in which the coast churches are included. This speaks well for Bay St. Louis.

Berg's home in Bay St. Louis and because of there being so few, in number they are unable to become an auxiliary but they have formed a club to be known as the Jambalaya. Mrs. C. E. Evans. Mrs. Pitcairn is no longer a stranger to Bay St. Louis and her friends here are always glad to welcome her here.

—Little Marian Egloff, daughter of Mr. and Mrs. John Egloff was two years old on Saturday March 1 and had a real birthday party. The little Miss was photographed standing at the table with her big birthday cake and then the children who were guests were photographed grouped around the table. The children present were Sidney, John and Celeste Chevis, Nolan Jr. (Nickie) and Jacqueline Kingston, Bruce Bordelon, Edward Blaize, Jr., John Bobby and Sylvia Ladner, Margaret Ann Manasco, Mary Alice Kingston, Lind and Rita Morel, Janet Perez and Marian's sisters Janell and Marlene.

—Mr. and Mrs. Gaspard Maurigi, Sr. are again planning to have a St. Joseph Altar, on March 19th, but they find it very difficult to get sugar. Because of this, they are asking anyone who has extra sugar, even a cup full, to let them have it if possible. This will be the 27th year these good people have had an altar and since the Italian cakes must be made a week in advance, those having sugar are asked to phone 407-42 (some one will call for it) or take the sugar to either 312 St. John Street or to Maurigi Shoe Hospital on Railroad avenue by Mar. 10th. Anyone wishing to donate sugar, or make other contributions are welcome to do so and all will be accepted and greatly appreciated.
